

## Imagin wired | Polished wired glass

Brand Imagin wired

### Glasses with integrated wire mesh

- Clear or coloured glasses, with or without a patterned structure.
- The integrated metal mesh holds the glass in place if the glass is broken
- Main benefit of wired glasses: their flame-retardant properties
- The range also includes clear polished wired glass  
Application: interior and exterior

### Polished wired glass - Description

Only transparent wired glass with a perfectly flat surface

- Clear: 6,8 mm
